One (1) Prize Winner will be selected on or about September 4, 2017 by a random drawing from all qualified entries received by a participating credit union between July 1, 2017 and August 31, 2017. Contact the credit union for complete details, including contest rules, restrictions and alternate method of entry. Void where prohibited by law. Terms and Conditions may apply. No purchase necessary.

CardNav

With CardNav, you can turn debit cards on or off in seconds, and use GPS to restrict transactions to businesses within a designated area. You can limit card use to specific merchants or purchases. You also can receive alerts when you're getting close to any personal spending limits you've set.

In addition to letting you turn your debit cards on and off whenever you choose, CardNav lets you control when, where and how they're used. It can even provide instant updates to help manage your budget and help identify and stop potential fraud from happening. The CardNav app is available for download on your mobile device at the Apple App Store or Google Play.

Debit Card Round Up

How Debit Card Round Up works...

Every time you use your debit card, the transaction will be rounded up to the nearest dollar, and at the end of the day, the increased amount from each of your transactions will be transferred from your debit card checking account into a designated account as a single transaction.

The program is FREE. Also, the round-up transfer will only happen if you have extra funds at the end of the day; it won't ever overdraw your account.

How to get started...

Simply stop in or call a Member Service Representative and tell them you want to sign up for Debit Card Round Up!

Please visit our website at aoacu.com to view our Rates, Become a member, Apply for a loan, and much more!
